SENATE BILL

No. 683

Introduced by Senator Aanestad

February 22, 2005

An act to amend Sections 1626 and 1632 of, and to add Sections 1634.1 and 1634.2 to, the Business and Professions Code, relating to dentistry, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 683, as amended, Aanestad. Dentistry: licensure.

Existing law, the Dental Practice Act, provides for the licensure and regulation of dentists by the Dental Board of California. The act makes the practice of dentistry by an unlicensed person unlawful, but exempts from this prohibition dentistry students meeting certain requirements. The act requires an applicant for licensure as a dentist to meet specified requirements, including passage of a dental licensure examination, with specified exceptions, and a law and ethics examination.

This bill would authorize the board to grant a license to an applicant who passes specified national examinations in dentistry and an examination in California law and ethics, meets certain education requirements, and has completed a ~~clinical dental residency program~~ *clinically based advanced education program in general dentistry or*

an advanced education program in general practice residency, as specified. The bill would revise the licensure exemption requirements applicable to dental students. The bill would also require the Department of Consumer Affairs to regularly review ~~a clinical residency~~ *an advanced education program's* compliance with specified requirements, and would require the board to report to the Joint Committee on Boards, Commissions and Consumer Protection and the department on complaints received for dentists who have obtained licensure by passing the state clinical examination and for dentists who have obtained licensure through ~~a residency~~ *an advanced education program*.

This bill would appropriate \$20,000 from the State Dentistry Fund to the Department of Consumer Affairs for these purposes for the 2006–07 fiscal year.

Vote: $\frac{2}{3}$. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.
